

Teach for America Lesson Bank(May 2021 - August 2022)

(<https://tfalessonplanbank.onegoalnc.com/>)

Lessons Bank Project for Teach for America Organization.

Features developed by me:

I mainly focused on the front end in this App. The client had a professional designer who shared pictures of wireframes for different views. I implemented the majority of those views, in order to close the gap I had with the front end side of development :).

- Styling for Signin/Signup Views
- Navbar Styling
- Landing Page Styling
- Search Cards Styling
- Styling for Courses Search/Show Pages
- Tags Styling
- Responsive Hamburger/Navbar
- Setup and Styling for Admin Views
- implementation and styling of JS Alerts
- Media Queries/ Custom CSS to make the App responsive on mobile size.
- Styling for Comments Views
