

Upstate(April 2022 - Present)

<https://app.keepupstate.com/>

A legislative bill tracking and screening site for the North Carolina General Assembly that helps Nonprofits to get real-time alerts on Senate and House hearings, so they can prepare, stay informed and act.

We are scraping this site: <https://www.ncleg.gov/>

Private Github Repository

Features developed by me:

- Thorough Manual Test of the App
- Tags Functionality bug Fix
- Navbar Toggle Fix
- Dropdown Export Button bug Fix
- New JS/Toaster Alerts implementation
- Legislators RollCall Scraping and model implementation
- Legislators Feature Implementation
- Legislators Search by Name, County, and District from Navbar
- Legislators Sorting By Name and District
